

# Fifty Ways to Close a Food Bank\*

**Tuesday  
December 7, 2021  
6:30pm - 8:00pm**  
Online via Zoom

The need for emergency responses to hunger continue to rise in our communities. From families with children to people who are working and still below the poverty line, food banks have become a way of life. As we approach the holidays for 2021, join us as we consider the changes needed at every level so people in Hamilton and Halton can have the dignity of buying their own food to celebrate the holiday season by next year.

**Café conversation tables** (breakout rooms via Zoom) with facilitators from:
